INTERNSHIP

Shyontech Software Technology India Pvt. Ltd 🔗

May 2025 – July 2025

MERN Full Stack Development Internship

Gwalior, India

- Mainly focused on frontend development using React.js and creating responsive UI components.
- Designed component-based architecture and React hooks for dynamic web pages.
- Involved in assigned frontend development tasks during a six-week internship with React.js.

PROJECTS

GroundBook | MERN | [GitHub](#)

Feb 2026 – Ongoing

- Designed an interactive dashboard for managing bookings, grounds, and user profiles.
- Created RESTful APIs using Node.js and Express.js for seamless frontend-backend communication.
- Integrated real-time ground availability checking to prevent double bookings.
- Added search, filtering, and sorting functionality for sports grounds based on location, sport type, and availability.

Exam Pro | MERN | [Live](#) | [GitHub](#)

Oct 2025 – Jan 2026

- Built a full-stack Quiz Application using the MERN stack with role-based access for teachers and students.
- Teachers can create, manage, and conduct quizzes, while students join using a unique quiz code without authentication.
- Implemented timer-based exams, automatic scoring, real-time leaderboard updates, and instant result generation.

Digital Expense Tracker | MERN | [Live](#) | [GitHub](#)

Mar 2025 – Aug 2025

- Created a MERN-based Expense Tracker for managing personal financial records.
- Added automated email reminders for recurring expenses such as rent, electricity, and mobile bills.
- Enabled users to record, categorize, and analyze spending with monthly summaries and interactive charts.

...
